

Archery Range Rules

- Designated only for recreational archery - no guns.
- Shoot only in designated area and from established firing lane.
- Wait for all archers to finish before retrieving arrows or bolts; never shoot when someone is downrange.
- Shoot only at established targets in your lane.
- Always keep your bow pointed at target and draw your bow with the arrow parallel to the ground.
- Only nock arrows at the shooting line.
- Shoot within your capabilities.
- Archers under 16 must have adult supervision.
- Communicate to everyone if you must search for arrows.
- Be courteous regarding the length of time and number of arrows or bolts you shoot.
- Use of broadheads is permitted in designated lanes only, requiring users to provide their own broadhead-approved targets.
- Crossbows that shoot under 380 feet per second are allowed on all targets; those over 380 feet per second are allowed only on the designated target provided.
- The archery range is tobacco, drug and alcohol free.
